sriamudhavalli02@gmail.com

Chennai, India

PROFILE SUMMARY

Motivated and detail-oriented Computer Science and Business Systems student with a strong interest in web development. Skilled in building responsive websites and passionate about creating user-friendly, efficient, and scalable web applications. Eager to learn, adapt, and contribute to real-world projects while growing as a full-stack developer.

EDUCATION

Bachelor of Engineering – Computer Science and Business Systems (CSBS)

Rajalakshmi Institute of Technology

2024 – 2028

CGPA: 8.0 / 10

INTERNSHIP EXPERIENCE

Web Development Intern (Remote)

Jul 2025 – Sep 2025

Cognifyz Technologies

- Collaborated with a remote cross-functional team to develop and coordinate responsive web applications, strengthening project coordination and stakeholder communication skills.
- Contributed to end-to-end website development using HTML, CSS, JavaScript, Node.js, and MySQL, delivering results within timelines.
- Built strong teamwork and communication skills through consistent remote collaboration — directly transferable to client-facing business development work.

PROJECTS

Mini ERP Software

- Developed a Mini ERP application to streamline organizational processes and improve data management, reflecting strong problem-solving and business-process understanding.
- Implemented secure role-based authentication for both user and admin logins, ensuring controlled access and safe handling of business data.
- Applied analytical thinking to design an efficient, user-friendly system — demonstrating the ability to identify practical solutions to business needs.

TECHNICAL SKILLS

HTML • CSS • JavaScript • Node.js • MySQL • C • Python
